

Betsey Beers Unger
Stamford, CT

I know others have more and clearer memories of Dr. Walker, but there are three that stand out:

1. Dr. Walker came to Cornwall via Bruce Hubbard, Lisa's grandfather.
2. Ask for details about the Goshen roundabout and how he moved the stanchions to facilitate not having to go around.
3. When Grandfather and Grandmother Beers lived in Torrington on Holley Place he would often stop by in the late afternoon on his way home. He perhaps had a glass of sherry, but I do know that he was simply keeping an eye on them.
